

## **“MAKING HEALTHCARE AFFORDABLE” - COMMUNITY OF EXPERTS**

Every year a very very large number of Indians (2 - 5%) get pushed below poverty line due to  
**High Cost of Healthcare.**

Our aim is to help solve this problem through innovation and collaboration across healthcare experts, investors and innovators ecosystem by building a collaborative community.

The community will enable members to support each other directly and through interlinkages to deliver patient outcomes.

**To Make a Difference, Please Join the Community:**

<https://www.linkedin.com/groups/19404015/>

i4 Mentors Foundation is creating this community in partnership with AHA India.

We are starting **a series of Webinars** to generate ideas and connections. The ideas generated will get support for scalability.

**Join the first WEBINAR on 05<sup>TH</sup> JUNE 2026 AT 5 PM**

I4 Mentors has been supporting young healthcare entrepreneurs since year 2018 and this is an effort to create direct impact on the healthcare outcomes by enabling both social and HealthTech entrepreneurs.

i4MF in Partnership with **AHA INDIA** is supporting YOUNG HEALTHCARE ENTREPRENEURS.

**LOOKING FORWARD TO YOUR SUPPORT!!**
